Re: Personnel Increase for 2010 - 2011

Comments: Additional increase in personnel will be needed for the 2010-2011 school year. The following is the projected staff:

- Speech & Language Therapist – Part-time (Nanci has a salary in her current for AIU speech & language therapist, however we hired Del Dempster this year as a 3 day/week therapist employed by South Fayette. Nanci will share with you this transfer of monies when she meets with you and Dr. Rondinelli)
- ESL teacher – Part-time (Our department has been slowly taking over the ESL/AIU program to save monies)
- 2-Paraeducators
- Guidance Counselor-Elementary (currently 986 students)
- Life Skills Teacher for Middle School – Full-time (projecting ahead to the 2010-2011, we currently have approximately 6-7 students who would be placed in that classroom in the beginning of the school year)
